DISUNION CONVENTION IN CLEVELAND.
Cleveland, O., Wednesday, Oct. 28, 1857.
Notwithstanding the postponement of the Disunion Convention over one hundred delegates from nine or ten States met here and organized to day. Mr. William H. Miller, of Ohio, was appointed President, and Vice-President. The delegates were from each State. Resolutions were adopted, and a committee of five was appointed to prepare a petition to Congress, asking for the repeal of the Fugitive Slave Law. A resolution was also adopted, asking for the repeal of the Fugitive Slave Law. The Convention will continue in session through to day and to-morrow.

SECOND DISPATCH.
The resolutions set forth that the signers of the call, the delegates and others friendly to the objects of the Convention, are not sufficient reason for the postponement of the Convention, especially at so late a period, many of the delegates only learning of its postponement at their arrival here, and that good faith, self-respect and the cause of humanity require that they should stand by the original design, and that we, without questioning the motives of the Committee of Arrangements, and postponing the Convention, will hold on to the promotion of the object of the Convention in the original call.

AFTERNOON SESSION.
The business Committee reported a series of resolutions, setting forth the antagonism of Freedom and Slavery, and the impossibility and guilt of any attempt at the union thereof, and commending to rise to the spirit of 1776 and achieve their own freedom. Resolutions were made by A. M. Powell of New York and C. G. Burleigh of Connecticut, setting forth the doctrine of the disunionists.

The Utica Lock Factory was destroyed by fire this morning. The loss is about \$50,000, and the insurance about \$30,000. Incendiarism is suspected.

RIOT IN NEW-ORLEANS.
NEW-ORLEANS, Wednesday, Oct. 28, 1857.
A gang of masked men last night attacked the inhabitants of St. Thomas street, who are mostly Irish. The rioters made a general attack on the houses, and badly wounded a dozen others. There is no clue to the rioters or their object.

SAVANNAH, Wednesday, Oct. 28, 1857.

BOSTON, Wednesday, Oct. 28, 1857.
Mr. Gunnison, Express Messenger per steamer *Admiral*, reported the murder of a family consisting of a man, his wife and two children, on Monday night, near the city of Cohasset. She lay easy. The Board of Underwriters will send a steamer to her assistance immediately.

THE SHIP COMING IN DISTRESS.
BOSTON, Wednesday, Oct. 28, 1857.
A distressed ship showing the signal number of the *Comoro*, from Sumatra, for Boston, is at anchor two miles N. E. of Cohasset. She lay easy. The Board of Underwriters will send a steamer to her assistance immediately.

A MORTAL STAB BY A BOY.

Philadelphia, Oct. 28, 1857.
A shocking affair occurred last night, between 11 and 12 o'clock, which in its details is very similar to a recent occurrence in your city, where a man was killed while walking the streets with his wife. From all the facts I have been able to obtain, this morning it appears that a young man named A. Leech was passing up North Eighth street, in company with two acquaintances, and had reached the corner of Eighth and Green, when he encountered three boys standing upon the corner.

As Leech and his companions were about passing, one of the gang made some insulting remarks about their personal appearance and dress. No attention was paid to what was said, until Leech had proceeded some distance up the street, when he heard the boys say, "Let us go back and 'scar' those boys away."

The three returned, and all the boys on the corner ran except one. He stood his ground, and when Leech approached him he pulled a knife from his pocket and stabbed him in the abdomen, inflicting a wound which it is thought must prove fatal. The condition of Leech at 4 o'clock this morning precluding all hopes of recovery. The boys who inflicted the wound immediately ran, and up to this time had not been detected. The boys standing on the corner were not more than fourteen years of age. This bold attempt at assassination, by one so young, has caused great excitement in the neighborhood in which it occurred. The wounded man has the reputation of being very quiet and orderly, and his companions say that their only motive in turning back was to frighten the boys away.

SHOCKING MURDER.
From the *Philadelphia Journal*, Oct. 28.
Just as we were going to press, we received intelligence that a woman had been found murdered, lying in the basement of a house in Loxley Court, which runs south from Spruce street, below Little Dock.

A man, who is supposed to be guilty of the bloody deed, was discovered in bed with the deceased. Her head appeared to have been broken in with some blunt instrument. A hatchet was found in the room, but it is not supposed that such a weapon was used. The murdered woman was apparently middle aged, and had followed the occupation of a fruit-vendor. We have been unable to ascertain the names of the parties.

The man supposed to have been guilty of the crime was arrested and taken to the State House. The Coroner was sent for, but was not in the city.

OHIO.—The *Ohio State Journal* gives the result of the vote for Governor, as officially corrected in all but eight counties—Butler, Fulton, Jackson, Logan, Ottawa, Perry, Williams and Wyandot—in which we have as yet only the reported majorities. The elections in these counties will not of course be material, and, judging from the past, are more likely to increase than to diminish Gov. Chase's majority, which now stands at 1,957.

REPUBLICAN RATIFICATION MEETING IN THE TWENTY-SECOND WARD.—Constitution Hall, in Forty-fourth street, was crowded last evening by the Republicans of this Ward, assembled to ratify late nominations and exchange sentiments on the approaching election. The chair was occupied by Mr. Richard Scott. Resolutions were read in commendation of the general Republican victory, and predicting a general Republican victory. Highly interesting addresses were listened to from Mr. Leobus B. Ward, candidate for State Senator in the VIII District; Mr. Wm. H. Burleigh, Mr. Henry H. Smith and others. The meeting was enthusiastic.

DEMOCRATIC RATIFICATION MEETING IN THE NINETEENTH WARD.—Held evening 300 or 400 of the Democracy of the VIII Senatorial District assembled at the Four-Mile House, corner of Third avenue and Fifty-third street, to ratify the recent State and City nominations of the party. In the course of the evening two or three scanty processions, preceded by live and drum, arrived, bearing a few transparencies which had been carried on former occasions. Dr. R. B. Bradford presided at the meeting, and the resolutions had approved of the present Administration (as in duty bound), of the resolutions and nominations of the Syracuse Convention, and particularly of the fitness of Mr. John T. Doherty to fill the office of State Senator. Several distinguished speakers were advertised to address the meeting, such as John Cochrane, Horace F. Clark, Mayor Wood and Gen. Walbridge. Thomas J. May, who was called Swankhamer, Thomas J. May, John Doherty, and one or two others.

THE RECENT STORM.

The recent storm and freshet has been one of the most severe and disastrous that has occurred in the State or years. It appears to have extended all over the eastern, northern and interior counties, but not west of Buffalo. Lake Ontario is the only one of the great lakes on which the gale seems to have been felt. Owing to the lateness of the hour at which our papers from the northern parts of the State reached us, we can only give a few extracts.

THE FLOOD IN SYRACUSE.—The city and vicinity is now suffering from a freshet, which has been unequalled for half a score of years. The Onondaga street bridge, which is a fine structure, has been struck by the flood, and is now in a state of ruin. The bridge is higher than has been known for 30 years. Jefferson Park and the adjacent state are also under water, and the surface is covered with floating logs, brush, wheat, pumpkins, and the spoils of many a garden and dooryard.

Some of the residents of the southern part of the town were compelled to leave their houses this morning, wading to their waists through the water, and carrying their wives and children on their backs to a place of safety.

The machine shops and manufacturing establishments on the low grounds are inundated. The shops of Frazar & Burns, Ashley & Williston, A. C. Powell and others are full of water. The shops of the city are also full of water. The shops of the city are also full of water.

The wind which blew from the south-east during the night, and blew a perfect gale. The schooner *Christina*, Capt. Patterson, from Boston, with a cargo of 2,000 bushels of barley, in attempting to come to the harbor at about 10 o'clock, under full sail and with a full crew, was driven back by the wind, and was forced to anchor in the harbor.

The schooner *Dahila*, Capt. Campbell, was wrecked on Monday night. After the vessel struck she pounded back and forth for some time, until half past one, when she was driven ashore, and was wrecked on the shore. The schooner was driven ashore, and was wrecked on the shore.
